### INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(a)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(a), Applicant brings to the attention of the Examiner the documents listed on the attached SB08A and SB08B forms. This Information Disclosure Statement (IDS) is being filed before the mailing of a first Office action after the filing of a request for continued examination under 37 CFR 1.114, and, under the provisions of 37 C.F.R. § 1.97(a), no fee is required to file this IDS.

The undersigned wishes to bring to the attention of the Examiner other co-owned and co-pending applications and issued patents which may contain subject

matter related to the subject matter of the instant application. In the following table, "NF" indicates "non-final" and OA indicates "Office Action."

Applicants have further listed, on the accompanying SB 08A forms, the published application documents and/or issued patents for each of these cases, and the primary references that were cited in rejections made under 35 U.S.C. §§ 102 and 103 in each of the Office Actions in these related cases, if these references were not previously cited in an earlier-filed IDS and if these references are material to the claims in the subject application. Applicants have further listed, on the accompanying SB 08B forms, the substantive Office Actions and Replies in each of these related cases for consideration by the Examiner, if these references were not previously cited in an earlier-filed IDS. Applicants have further listed foreign search reports of the subject application and of related applications and material references cited therein.

Consistent with the requirements of 37 CFR 1.98, copies of the listed foreign patent documents and non-patent literature cited on this IDS are being submitted concurrently with this statement via EFS-Web.

Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making the appropriate notations on the attached forms.

This submission does not represent that a search has been made or that no better art exists. This submission also does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies any

documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,
